

Torrington Community Cares

8 week evaluation

We all need to be sure that the healthcare services in Torrington are safe, high quality and what patients want.

The data for Torrington residents between 1 October and 26 November 2013 shows:

**3 admissions to Torrington
Community Hospital**

No increase in 999 calls

**No increase in calls to the
out of hours nursing service**

**2,765 visits to patients in
their own homes by our
community teams**

Patients rated the home-based care service highly:

**75% said they
would highly
recommend
the service**

**25% said they
were likely to
recommend
the service**
